## To our respected ICF partners, grantees, donors and friends:

We are all experiencing a truly unprecedented situation. The global outbreak of COVID-19 is affecting many aspects of our lives. **Our hearts go out to everyone who has been impacted by the virus.**

We wish those affected by COVID-19 a speedy recovery, and we express our deepest condolences to those who have lost loved ones. We also thank the countless healthcare professionals, factory workers, retail professionals and all others who care for people in need and keep this world running, as well as all the donors that responded in this time of crisis.

As a global nonprofit organization, ICF is no different. Our team is waking up every day to new information about how COVID-19 is affecting our family of grantees, donors, and staff. **During this time, the International Community Foundation will stay committed to supporting the communities we serve through rapid response grants, program assistance, and organizational capacity-building.**

We are proud to report that in FY2020, **ICF provided 243 grants to 110 organizations in Mexico, totaling over \$10.4 million.** This grant total reflects our collective impact in education, health, human services, environmental protection, arts and culture, and community improvements that help improve the daily lives of people from urban to rural areas of Mexico.

In this Giving Guide, ICF provides a list of organizations that have been vetted by our due diligence and program teams. These organizations represent the “best of the best.” As we are, you will be impressed by the dedication and impact of these organizations!

Please join us in creating meaningful change in your community today by visiting our website or searching for these groups at <https://icfdn.org/donate!>

***We hope that we come out of this global crisis even stronger together. Thank you for your trust and partnership.***

“

What inspires me most about the work as a community foundation is promoting prosperous and sustainable development that results in a positive impact on nonprofits and our whole social fabric in Tijuana. The constant challenges, acceleration and increasing needs demand great efforts and greater collaboration. ICF has been that bridge of collaboration that has allowed us to access resources for the benefit of our community. ICF's leadership, professionalism, sensitivity and commitment to solving problems in our cross-border region has played an important role in this effort. It has been 20 years of building communities with shared efforts!

Board Chair,  
Fundación Internacional

## Partners in their own words

“

The world of philanthropy has taught me great lessons, one of them is that there are no impossible barriers when there is a willingness to help and someone who knows how to do it. Working in partnership with the International Community Foundation honors this philosophy because ICF helps us connect people who want to help with Fundación Dibujando un Mañana to support girls, boys and adolescents living in vulnerable situations fully exercise their rights.

”

**Katy Beltrán,**  
Director,  
Fundación Dibujando un Mañana

“

ICF's experience, transparency and personalized treatment are what motivate us to work with them. The expansion and professionalization of the clubs in Mexico, which help us apply our model of care in a better way, make me feel proud and grateful to the boys and girls club community, especially seeing the progress of the children and youth we serve. We must invest to improve our world.

“

*Cabo Pulmo is a success in marine conservation, yet its inhabitants also care about their community. For just over a year, several tourism service providers reduced or eliminated single-use plastics and joined the actions of the #DeplastifyAlliance with what they became creditors to a badge of the alliance and the United Nations Environment Program (UNEP). One of the first contacts I had upon my arrival in Cabo Pulmo was ICF, a foundation that gave me a warm welcome and gave me the confidence to work with them hand in hand to continue conserving the place and supporting the community. I have no words to thank you for your support, collaboration, accompaniment and the opportunity to continue growing as a person and as an organization.*

**Tania de la Vega,**  
*Executive Director, Amigos para la Conservación de Cabo Pulmo (ACCP)*

“

*Individually and collectively, we all have the responsibility and opportunity to give back time, talent, or treasure. As our fiscal sponsor, ICF's collaborative approach, its vision of civic participation, and its expertise in the cross-border region align perfectly with TIAH's area of focus and engagement philosophy. As we grow our community of followers, and as today's challenging circumstances require we pivot to meet the needs of the vulnerable communities in Tijuana, San Diego or Los Angeles, ICF's ability to research vital of-the-moment data and help us structure matching grant campaigns is critical to our vision. ICF's ability to connect us with potential matching grant donors, along with its ability to partner with TIAH in our community campaigns, has been key to successfully completing initiatives within record time. This is About Humanity is incredibly excited to continue our extremely productive and positive collaboration with ICF to ensure improved conditions for the most vulnerable at the Cali Baja border.*
